THE CHIEF 1987

SWANSEA FREE PUBLIC LIBRARY

INTRODUCTION

Our school began in 1927, when the town accepted Mrs. Frank S. Stevens gift of the High School. During this year our school colors became official, Maroon & Gold.

In 1930, when Mrs. Helen A. Reagan was principal, the first yearbook was published, with just one small problem-It had no name. There was some debate over what to call the Joseph Case High Yearbook but no decision was made. During this year we had another dilema to be solved, what will become our school mascot? Well, as everyone knows we became the Cardinals, because that was the closest thing to resemble our school colors.

In 1945 a decision was made to call our yearbook "The Chief" The name mainly has to do with Swansea's heritage. Swansea played a major roll in history back in the Colonial days. The Chief was the 2nd son of The Great Massosoit, Metoconet, better known as King Philip, the chief of the Womponog Indians.

There were warnings which struck fear into the Swansea settlers' on Sunday June 20, 1675 young men whose families had been firm friends of Sachem Massasoit, visited now his son in desperate hope of warding off the horrors of a frontier war. Philip seemed to promise peace, but his younger worriors called for blood. Plymoth authorities hadn't helped much by hanging two of Philips men for murdering Sassomon, an English-speaking Indian who prabobly had revealed the Womponong's plans. Before the week ended nine had been killed in Swansea & tribes were preparing for the warpath all over New England as the news reach them. The English, too, sent forces immediately from Boston & Plymouth to assist the town which throughout later American History was to be identified far & wide as the place where King Philips' War began.

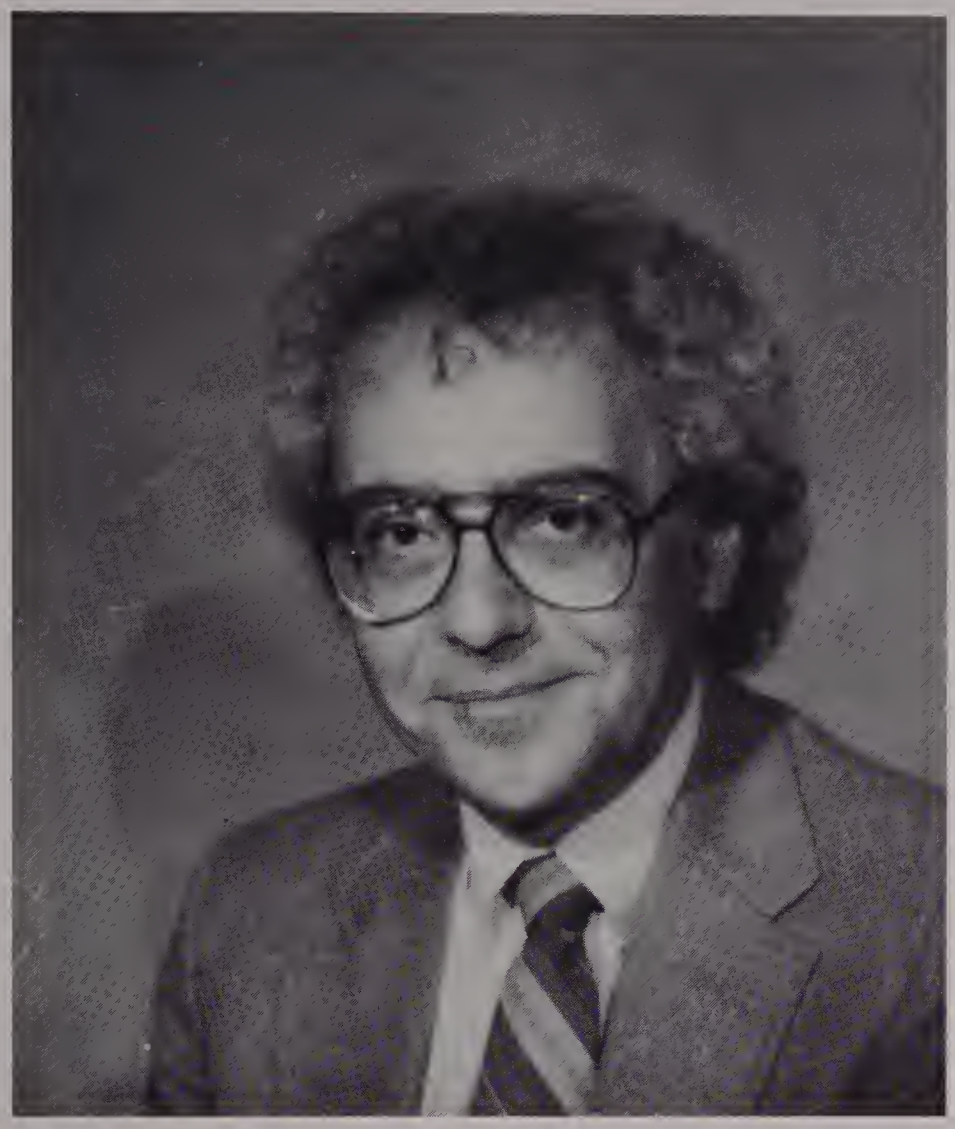
SCHOOL ADMINISTRATION AND FACULTY

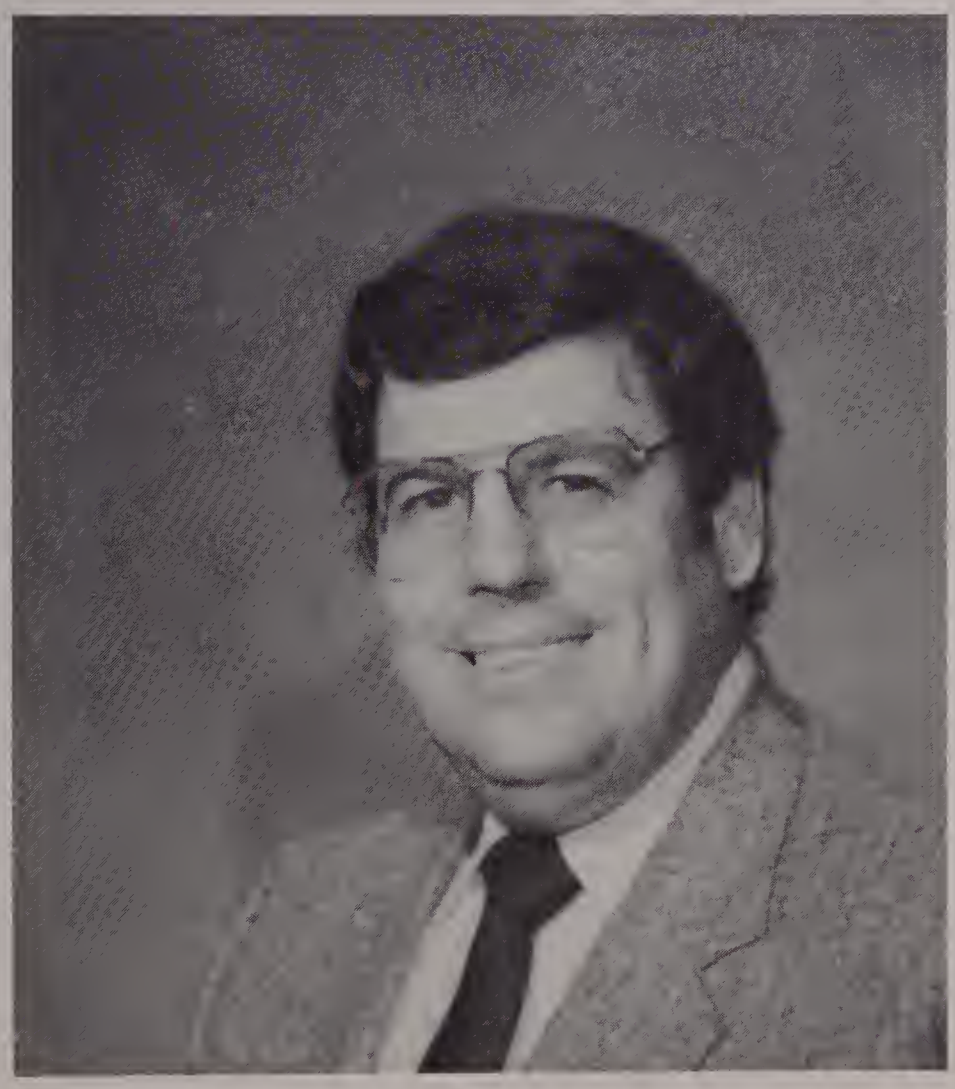


Dear Graduates:
It has been said that the most prevalent form of cowardice exists behind the statement, "I did not want to get involved". When we don't confront even the issue of whether or not we will come to the aid of someone who is being unjustly treated, we block off our perception, we blind ourself to the other's suffering, we cut off our empathy with the person needing help.
If I might offer you one piece of advice, it would be to become involved. Refrain from looking "the other way" and meet life's challenges directly. Do not abdicate your responsibility as a citizen to do what is right and just. Do not become a follower but form your own opinions based on what you have learned and experienced during your years in and out of school. Become involved and be your own person. Perhaps Thoreau stated it best when he wrote:

> If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away.

The best of luck and congratulations to the Class of 1987.

David Jardin,
Principal



To The Class of "87"

It is my sincere hope that your past years at Case High have been both enjoyable and rewarding. It is now time to take on the responsibility of pursuing your career goals. I hope that you will pursue these goals responsibly and work dilligently to achieve them. I wish you the best of luck and success with all your endeavors.

Sincerely yours,
Gerald A. Furtado

OFFICE OF THE SUPERINTENDENT

Dear Class of '87:
It gives me a great deal of pleasure and pride to congratulate the Class of 1987 on the occasion of their graduation from Joseph Case High School.

The diploma that you will receive in June certifies that you have completed twelve years of education. This time and effort represents an investment on both your part and that of your community. I urge you to always regard education as an investment and not a burden or a chore. Modern society demands that education be a continuing process in order to insure success in your life. The dividends you receive from such a commitment will be in porportion to your investment.

My best wishes for success, health, and happiness in your future years.

Sincerely yours,
John E. McCarthy
SUPERINTENDENT OF SCHOOLS

"These few words express my best wishes to all of the graduates of the Class of '87. Those of us who have been involved in some aspect of your education hope that we have done our jobs well in preparing you for whatever may lie ahead. I hope that you will recall, fondly, your years in the Public Schools of Swansea. My wish to you is for an extra measure of health, happiness and all of the good things that this wonderful world has to offer."

Harold G. Devine, Jr.

MARCHING BAND SEASON

The 1986 Fall Season was one of dramatic change and transition for the Cardinal Marching Band as new approaches toward performance were explored. A new instrumentation, utilizing brass, piccolos and percussion, was introduced for the first time at Case High School, with woodwind players in the band transferring over to brass instruments for the fall season.

Achievements during the season included best percussion, music, drum major, and band front awards at various New England Scholastic Band Association contests. The band finished the marching season with an appearance at the NESBA Championships at Boston University where, in competition with ten bands, they placed 4th.

Future opportunities for the color guard and band members include performances at the Cherry Blossom parade in Washington, DC. and the Winter Guard International New England Regionals held in Boston.

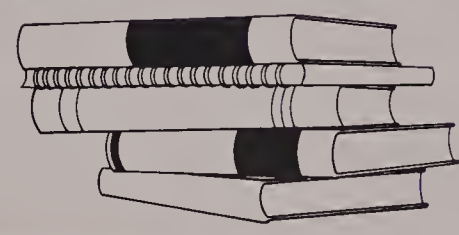
CANDIDS

Was it worth it?
Did I gain anything in
the twelve years that I've
spent here?
And where will it lead me?
Up? Down? Away
Into a new life or
Away from the ones I love?
Is my decision right?
College? Career?
When will I know if my future
Has been decided?
Now or when I step
Out the door?
Who will know?
Not I - - - until I decide.

Cathy McClew



Sometime, when it's all over - - -
You'll remember and realize . . .
You can't live these four years
over
So make the times to come worth
it.
Make them better than yesterday
But strive for excellence
tomorrow.
Live life now - - -
more than ever.

NATIONAL HONOR SOCIETY

CHARACTER, SERVICE, LEADERSHIP, AND SCHOLARSHIP

The National Honor Society is an organization under the Kappa Tau Chapter, that acknowledges academic achievement. This year there are 36 senior members. In order to be accepted as a member, one must have a cumulative average of B+ or better.

Members are chosen in their Junior year and are members for two years if their academic average is within the guidelines. However, it is possible to be chosen one year member in your senior year. Anyone accepted must then pledge to uphold the values that the N.H.S., stands for. These values are leadership, character, scholarship, and service.

The N.H.S., under the guidance of Mr. Michael Flanagan, sponsors many events throughout the year. One of the more successful events held is the Scholarship Road Race, which is an annual event every spring. This year's N.H.S. is also involved in the Foster Parents Program, sponsering a little girl named Arias Granados from Ecuador.

The Society is a worthwhile goal for all students to try and achieve through hard work and determination.

Good Luck-
The Members of the 1987 N.H.S.

Left to right: Lisa Romanovitch, Richard St. Pierre, Cheryl Motta, Donald Michaels, and Janet Cichon.

The Future in Everyone's Eyes

It's time to move ahead, to make another start
The time to achieve wanting goals that was always cherished in your heart
We all have the opportunity to move on
To gather all our confidence together for our future that has begun
Although we'll be separate as times goes by
We got the memories that would carry us to realize
That it's not really goodbye you see
It's just a beginning of being what you always wanted to be
Graduation is not a time for sadness and goodbyes
For Everyone carries not only a diploma and memories but all the future in each other's eyes.

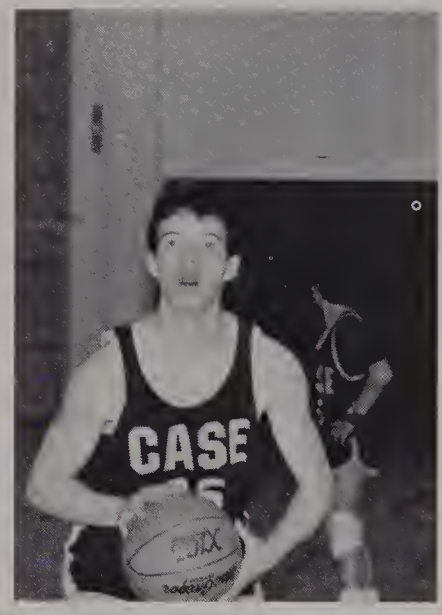
HOMECOMING DANCE



Friendship is love, without its wings.

I always prefer to believe the best of everybody, it saves so much trouble.

Men do not fail; they give up trying.

Common sense is in spite of, not the result of, education.

The cruelist lies are often told in silence.

Most of the shadows of this life are caused by standing in our own sunshine.

I must fight if I would win. Anything worth having is worth fighting for.

One today is worth two tomarrows.

Happiness is not having what you want, but wanting what you have.

Advice is what we ask for when we already know the answer, but wish we didn't.

Always do right, This will gratify some people & astonish the rest.

The world is like a mirror, frown at it and it frowns at you, smile and it smiles too.

There's only one success, to be able to spend you life in your own way.

I would like to take this time to thank everyone who contributed to our yearbook. We really went all out this year to try and get businesses and people involved with our book and it turned out to be very successful. Thank you again to everyone—we couldn't have done it without you. A special thanks to Jen & Glen for all your hard work.
